

**OSI Photography & Videography General Guidance**  
**Age Group Championship Series Meets**

1. Parents, swimmers, coaches and clubs should demonstrate caution when posting photos and videos on club and personal websites, as to protect the confidentiality of the athletes in the image(s). Swimmer names, audio with swimmer introductions and/or announcers calling the race, and results with names on the scoreboard are examples of images that may violate swimmer confidentiality.
2. Any parent/swimmer concerned about a posted photo or video, should first contact the site webmaster requesting the image(s) be removed. In most cases, this will resolve the issue.
3. If you are unable to resolve this with the site webmaster, please contact the Age Group Committee (AGC) representative for your Commission, listed on the OSI website at [www.swimohio.com](http://www.swimohio.com). The AGC Commission representative will make a decision as to whether the image(s) should be removed. If their findings are to the affirmative, they will request the image(s) be removed from the website, copying the Age Group Chair.

Effective June 1, 2007
